

Green Heroes: Fight for the Ecology

Ecocity being threatened by the powerful industrial corporation «Black Evil», which does not take the environment into account.

The Green Heroes unite and begin their fight against the «Black Evil»

One day, Ecotracer discovers the secret base of «Black Evil», where toxic waste is stored.

The Green Heroes decide to strike!

Tracy recycles waste and creates a barrier of useful materials, Photon turns solar energy into a powerful beam that breaks down nuclear waste, and Bob revives vegetation to cleanse the air.

«Black Evil» doesn't give up and creates panic in the Ecocity!

Green Heroes are developing a plan that includes environmental action

They threatened to dump toxic substances into the river and scatter garbage all over the roads

The heroes attracted local residents who spread information about the situation to the media. People decided to fight against evil together.

Our team defeats «Black Evil». The consequences of the latest pollution and destruction are washed away from the city, and «Black Evil» is forced to leave Ecocity.
